ABOUT MANORAMA INDUSTRIES LIMITED

A Bountiful Business Seeded in Sustainability

anorama Industries Limited is a global pioneer in the manufacturing of specialty fats from tree-borne and plant-based seeds, enjoying undisputed leadership as a key supplier to the world's leading food, chocolate, confectionery and cosmetic companies. Bringing our years of expertise in manufacturing of specialty fats and butters from tree-borne seeds and plant-based seeds, the promoters formally incorporated the Company in 2005 and Manorama Industries Limited went public in 2018 to scale up its operational footprint and create enhanced stakeholder value.

The Company enjoys a global leadership position in the manufacturing and exporting of its product portfolio. As the world's only producer of Mangobased Cocoa Butter Equivalent (CBE), Sal-based

Manorama Vision

- Acquire and maintain a leadership position in chosen areas of business
- Continuously create new opportunities for growth in our strategic business
- We seek to produce healthy financial rewards for investors as we provide opportunities for growth and enrichment to our employees, our business partners and communities in which we operate
- We take responsibilities of our communities from where we work through our CSR (Corporate Social Responsibilities)
- One Stop Shop from collection of Tree Borne Seeds with the help of tribal people, processing, manufacturing of CBEs and Specialty fats and butters to use in end products

Manorama Industries Limited is the only Company in the world to source all seeds like Mango kernel, Sal seeds, Mowrah seeds, Kokum seeds, Dhupa seeds, Shea nuts and other tree-borne seeds and plant-based seeds and supply various Exotic Specialty fats & butters, Non-Palm Mango based Cocoa Butter Equivalent (CBE), Sal-based Non-Palm Cocoa Butter Equivalent (CBE), Non-Palm Shea-based Cocoa Butter Equivalent (CBE).

Cocoa Butter Equivalent (CBE), Shea-based Cocoa Butter Equivalent (CBE) and Mango, Sal, Shea-based Specialty fats and butters, the Company sets the benchmark in sustainable production of high value-added natural raw materials that are in huge demand with customers across continents. With customer-centricity at the core of its philosophy, the Company's R&D team continuously innovates and develops customer-specific solutions across sectors as varied as Chocolate & Confectionery, Bakery, Dairy, Special Nutrition, Food Service, Personal Care, etc. The Company supplies its premium natural products to multinational companies globally.

The demand for the niche products is met through the efforts of an organic collection network of millions of tribals, mainly women-folk across thousands of villages in India and West Africa, who hand-pick the raw materials from forest-beds. The procured collection of raw materials are delicately handled through the supply-chain till it reaches our new plant at Birkoni, Mahasamund near Raipur for processing, production and packaging in a sustainable manner. Besides the flagship Cocoa Butter Equivalents, the Company also manufactures other specialty fats and butters and several value-

added products that have a ready market in India and abroad. De-Oiled Cake is the by-products sold as Cattle Feeds. Manorama Industries Limited recently commissioned its state-of-art facility.

The Company's strategic marketing efforts, expansion of product mix, continuous augmentation of production capacities and implementation of best practices is yielding significant improvements, both, in terms of volume as well as value. We develop and provide value-adding vegetable fat solutions in close collaboration with our customers, enabling them to achieve long-lasting business results. Thanks to the leadership team's sharp focus on exports, the international markets account for nearly half of the revenues, even as the Company's share in the domestic market is expanding on the back of new variants and customized offerings.

Manorama Industries' culture of excellence and commitment to sustainability has received credible recognition on global and national platforms over the years; the Company is the recipient of 48 International and National awards for its successful and unique business model, its role in empowering communities and its contribution to nation building. Accredited with ISO and quality

The Company joined the elite club of 2000 companies in India to have received from appreciation Department of Scientific & Industrial Research (DSIR), sole authority granting R&D certification to companies in India, in recognition and certification of its R&D efforts. It is the only Company in its segment to receive this official certification.

certifications, the Company has been recognized by Government of India as a 'Star Export House' and is a member of Federation of Indian Export Organization. Manorama Industries Limited is a signatory member of UN Global compact, and is committed to the global alliance's charter for a better tomorrow, while adapting the Women's Empowerment Principles (WEPs) to empower underserved women communities.

Manorama Africa Limited: New frontiers, new forays

Manorama Africa Limited, located at Tema, Ghana, is an associate company and proposed 100% owned subsidiary of Manorama Industries Limited. The Company is primarily into procurement operations for sourcing Shea nuts in the key markets of West Africa. The African unit fulfils the Shea nuts requirement of Manorama Industries' manufacturing facilities.

Replicating its Indian model of local-level networking in Africa, Manorama Africa Limited has tied up sizeable volumes of Shea nut supplies. Manorama Africa Limited procures Shea nuts from the bushes in Ghana through social organizations, women's groups and local markets, besides sourcing supplies from neighbouring countries like Ghana, Burkina Faso, Ivory Coast, Togo, Benin, Mali, Nigeria and Savana Forest region. After initially importing Shea nut consignments for processing in India, the Company now plans to set up Shea processing facilities in Africa.

As the raw materials (Mango kernel, Sal seeds, Kokum seeds, Mowrah seeds, Shea seeds) have a different structure and different cycle of the year, it is beneficial for the facility to run throughout the year.

* 6 PM

KEY RAW MATERIAL & SUPPLY CHAIN

Collecting nature's gifts to make natural products

he Company sustainably sources tree-borne seeds and plant-based seeds from millions of tribal and forest dwellers, mainly womenfolk across thousands of villages from the states of Chhattisgarh, Odisha, Jharkhand, Madhya Pradesh, Maharashtra in India, and West Africa and through various Self Help Groups (SHGs). Over the decades Manorama has built up a strong relationships and a wide, deep-penetrated network for collection of Mango kernel, Sal seeds, Mowrah seeds, Kokum seeds, Dhupa seeds, Shea nuts through Manorama's purchase centers across regions in India and West Africa, where these raw materials grow abundantly in nature. The Company maintains a Fair Price Payment system for Sal seeds, Mango kernel and Shea nut collectors at its purchase centers, as well as encourages Fair Price for Minor Forest Produce raw materials to give respectful livelihoods to the tribals, forest dwellers and local communities as well as economically empower them. Manorama Industries' initiative to transform the seeds, abundantly available in nature into high-value ingredients for luxury products, has positively impacted the lives of millions of tribals and forest-dwellers in the organicallydeveloped supply chain, as part of its philosophy of responsible sourcing of raw materials.

Mango kernel (Mangifera indica)

Mango is a seasonal fruit that is amply available across the country during the Indian summer months from May-July. The Company directly sources Mango kernel through a dedicated supplier network that relies on collections from thousands of villages in the states of Chhattisgarh, Odisha, Maharashtra, Gujarat, Madhya Pradesh and others. Manorama Industries is also exploring avenues to source Mango kernels from pulp industries where Mango seeds are a waste product.

Sal seeds (Shorea robusta)

Home of the largest Sal forests in the world, Sal seeds are abundantly available in nature in the Indian states of Chhattisgarh, Odisha, Madhya Pradesh, Jharkhand and West Bengal from May. The Company has a distinct Salseed sourcing advantage due to its strategic location in the heart of India's forest-region and its strong relationship and network with the local tribal communities, who are well-versed with the forest topography. Manorama Industries is uniquely positioned to source its required Sal seeds through its well-entrenched network.

Kokum seeds (Garcinia indica)

The Kokum fruit grows in the evergreen forests of the Western Ghats, the supplies of which the Company secures through local collectors in Raigad, Konkan districts of Maharashtra, and Goa. The Kokum seeds are available from September to December. The Kokum seeds yield Kokum fat after crushing and extraction in a solvent extraction plant and the edible refined butter is used as a component in CBE formulation.

Mowrah seeds (Madhuca longifolia)

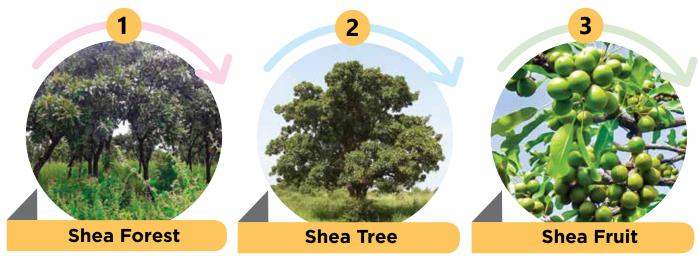

The Mowrah seeds are available from May to July, and is the single largest indigenous source of natural soft butter with comparable triglyceride composition as in cocoa butter. Sourced from forest floors in Chhattisgarh and Madhya Pradesh, its fat is a key ingredient in the cosmetics industry and for soap manufacturing. Because of its composition and compatibility with cocoa butter, Mowrah butter is suitable to be used as an ingredient in centre-filled chocolate products.

Shea nuts (Vitellaria paradoxa)

The Shea trees that yield Shea nuts are found mainly in West African countries such as Ghana, Burkina Faso, Ivory Coast, Togo, Benin, Mali, Nigeria and Savana Forest region. The Shea nut collection season is from September to January. The Ghanaian kernels are considered to be of the best quality due to their consistently lower free fatty-acid levels, higher butter content and lower impurities. The Company procures Shea nuts from bushes in Ghana through a supply channel consisting of social organizations, women's collectives, village markets and local traders.

Manorama Supply Network in Africa

MANUFACTURING PROCESS & CAPACITIES

Enhancing capacities for an expanding business

Reeping pace with the surging demand for its products, Manorama Industries successfully implemented its capex plans during the year and expanded its production capacity.

The commissioning of the new plant and the resultant capacity expansion enabled continued growth, as outlined below, making Manorama Industries a leading Indian manufacturer in the global CBE and specialty butters & fats market.

PRODUCT DEVELOPMENT

Leveraging technology to create customized product solutions

anorama Industries brings its creativity, innovation and advanced resources to the table to develop winning products for the market. The Company has emerged as a leader in non-Palm Cocoa Butter Equivalent, Tree-Borne and Plant-based seeds' butter ingredients for the food and cosmetics industries by investing in its people, its facilities and in new technologies, which enables it to launch successful products and maximize value creation.

The Company is always refining its product offerings and constantly innovating to enhance its product portfolio. In this quest, Manorama Industries leverages the latest breakthroughs in food, chocolate, confectionery and cosmetics development technologies to offer customized solutions to its discerning customers globally, helping them to meet product goals for texture, performance, consistency and shelf life.

Mango butter

Its fatty acid composition, combined with the unique unsaponifiable matters, helps to maintain soft and supple skin when applied in cream and lotion formulations.

Mango stearin

It is obtained via solvent fractionation or dry fractionation of Mango butter, and its composition and physical characteristics are comparable to those of Sal stearin.

Mango olein

Is the liquid fraction obtained from the production of Mango stearin and has a wide application in the cosmetics industry. It is used in formulation which aid in moisturizing, healing dry and cracked skin and facilitates skin-cell renewal.

Sal butter

The Sal seed possesses 13-14% butter content, high in stearic, oleic acids and other essential fatty acids, which finds utility in lotions, creams and butter blends.

Sal stearin

Solid fraction obtained via solvent fractionation of Sal butter and when blended with palm mid-fraction, it results in a Cocoa Butter Equivalent.

Sal olein

Is the soft fraction obtained when processing Shea butter to produce Shea stearin. Having zero trans-fat and being non-hydrogenated, it is used as a healthy alternative in a variety of applications such as soft confectionery centre filling, chocolate spreads, bake-stable bakery applications and ice-cream.

Shea butter

Shea nuts possesses 45-52% butter content, high in stearic, oleic- and other essential fatty acids, which find utility in lotions, creams and butter blends. Shea butter contains symmetrical triglycerides, which after fractionation gives suitable raw material for cocoa butter equivalents.

Shea olein

Is the soft fraction obtained when processing Shea butter to produce Shea stearin. Having zero trans-fat and being non-hydrogenated, it is used as a healthy alternative in a variety of applications such as soft confectionery centre filling, chocolate spreads, bake-stable bakery applications and ice-cream.

Shea stearin

Is the solid fraction obtained via solvent fractionation of Shea butter and when blended with palm mid-fraction, it results in a Cocoa Butter Equivalent. Through extensive customized solution provider and with co-development approach with customers and in-house research, Manorama Industries Limited has developed a number of customized products:

Milcoa[®]

Milcoa® ES70, Milcoa® ES70S, Milcoa® ES70M, Milcoa® ES70HT (Cocoa Butter Equivalents, CBEs)

Milcoa® ES range consists of Cocoa Butter Equivalent (CBEs), with degree of hardness that matches standard cocoa butter quality and is fully miscible and compatible with cocoa butter.

Milcoa® IS1016, Milcoa® IS1024, Milcoa® IS1032 (Cocoa Butter Improvers, CBIs)

These are harder Cocoa Butter Alternatives (CBAs), which can improve cocoa butter by increasing the hardness and enabling easy processing. It gives the final chocolate a better taste, texture, eating sensation and reduces cost.

Milcospread 03, Milcospread 30, Milcospread 33, Milcospread 40 (Chocolates / Hazelnut spread fats)

Milcospread is our premium brand for chocolate and hazelnut spreads. Depending on the required texture, these fats can also be applied in center-filled chocolate products. The characteristics when applied in chocolate and/or hazelnut spreads:

- Excellent mouthfeel and texture stability
- In warmer climates minimizes oil exudation
- Good spread ability even at low temperatures
- Spoon-able directly from refrigerator/spoon-ability at refrigeration temperatures
- Compatible with Cocoa Butter
- Improves oxidative stability, increases shelf life

Milcoa ES1017, Milcoa ES1021 (Cocoa butter optimizers)

These are softer fats ideal for optimizing a chocolate system, which uses cocoa butter and milk fat, by eventually replacing both. This optimization is realized by varying the fat system to balance the flavour and texture of the chocolate.

These premium products go into the making of world's finest chocolate and confectionery brands.

While food, chocolate, confectionery and cosmetics ingredients are the Company's core business areas, Manorama Industries Limited also has a sizeable presence in the Cattle feed segment, offering nutrition and protein meals in animal feed and fatty acids for diverse applications. Even as India is the world's largest consumer of cattle-feed, Manorama Industries Limited is the largest supplier of Cattle feed from the seeds of Sal, Mango and Shea de-oiled cakes to Indian cattle feed industry.

CLIENT PORTFOLIO

World's leading brands are our customers

anorama Industries Limited has grown to become a trusted manufacturer of food and cosmetics ingredients by introducing innovative products that have redefined the benchmarks of quality supplies. From helping chocolate makers to enhance the quality of their offerings, to supporting cosmetics manufacturers with premium ingredients, we are proven leaders with a customer base spanning 84 countries.

Customer satisfaction is the hallmark of our business operations and by strategically aligning our offerings with customer-specific needs, we have developed strong relationships with our customers through timely delivery, consistent quality, regular feedback and attractive pricing.

Besides being the supplier of choice for leading manufacturers in India, Manorama Industries Limited counts the who's who of food, chocolate, confectionery and cosmetic businesses among its customers, supplying its products to geographies spanning continents. The Company has a strong customer base in India as well as globally in countries like Japan, Italy, France, Russia, Malaysia, Indonesia, Singapore, Netherlands, Germany, Sweden, Denmark, UK, USA, Europe, Australia, China, Korea, Portugal, Lithuania, Spain, Luxembourg, Vietnam, Armenia, Canada, Turkey, Philippines, Saudi Arabia, UAE, South America and South East Asia. The Company derives major revenue from the chocolate and confectionery industry, with a significant portion of the balance revenues coming from the cosmetics industry.

The Company has built relationships with large global manufacturers and many MNCs. Manorama Industries Limited has also entered into a supply agreement with The Body Shop International Ltd (UK) for supply of Mango butter. The Body Shop is one of the leading global cosmetics brands which has pioneered social audits with extremely stringent criteria for sourcing of their products and selection of suppliers. The Company's association with The Body Shop as a supplier speaks volumes about its efforts on the sustainability front. The Company is also working with L'Oreal under the Solidarity Sourcing Programme that establishes longlasting fair trade partnerships, while creating value. The Company also supplies to many other cosmetics companies globally.

GEOGRAPHICAL FOOTPRINT

Delivering quality, creating value around the world

Import Export Import & Export

MILCOA® INNOVATION & RESEARCH (I&R) CENTER

Excellence through innovation & research, but naturally!

omplementing the Company's state-of-the-art manufacturing facilities is Manorama Industries Limited's Milcoa® Innovation & Research Center, a high standard research laboratory equipped with cutting-edge technologies. This innovation center is home to our research and development teams, and among the finest product development facilities in the Industry. With expansive labs, proprietary development equipment and talented teams, the Milcoa® Innovation & Research Center is the Company's powerhouse of product innovation. At Manorama, innovation means continued sustainable growth for us and our customers. By constantly exploring new insights, new raw materials and new technologies, we are able to make solutions that open the door to a wealth of opportunities. It is what makes working with Manorama different.

Manorama solves challenges and creates opportunities with lasting value through tailored vegetable fats and butter solutions. Through joint development approach, customers can depend upon us to support their needs and help realize their goals. To achieve this, we have set our standards as high as possible. We have the expertise and capabilities to make a positive impact on our customers' business, on the industries we serve, and on our employees and stakeholders.

Manorama Industries continues to expand its application development work in confectionery, bakery, dairy, cosmetics and other product categories. The Company collaborates closely with its customers' research and development teams, while continuing to develop creative innovative solutions to use its CBEs, CBIs and other offerings.

The Company joined the elite club of 2000 select companies when it received the Government of India's Department of Scientific & Industrial Research (DSIR) certificate approved on June 29, 2020, which will further encourage the Company's in-house research efforts to develop and launch new products, through an intensive trial process before production batches are taken up to be shipped globally. As a leader in this industry, the DSIR recognition accelerates and further strengthens our commitment to investing in R&D with a view to strongly cultivate a business philosophy built on innovation, research and quality.

The focus on these heavy investments have been vindicated as the products of the Company are used globally by leading manufacturers in food, chocolate, confectionery and cosmetics sectors. While the newly set up Plant at Birkoni is headed by Dr Gautam Kumar Pal, Executive Director (Technical & Production), who has 21 years of experience in manufacturing of Specialty fats and butters, the R&D and QC facilities of Manorama Industries comprises team members headed by Dr Krishnadath Bhaggan, Vice-President R&D and QA, who has over 25 years of global experience in the industry, and has more than 30 international patents to his name.

R&D, Innovation & QA/QC capabilities

Being a global customized ingredient supplier for the food segment, developing and innovating new ingredients is an imperative for the Company in order to meet the constantly growing demand and requirements of customers. To meet these requirements, Manorama industries Limited has invested in world-class processing equipment with the latest technologies.

R&D and Innovation

With its new state-of-the-art fractionation facility for Sal butter, Mango butter and Shea butter, the Company will expand its presence in food, chocolate, confectionery as well as in cosmetics, skin care and other segments. The different fractions obtained from the fractionation process and combining them with interesterification enables the Company to develop a number of new products for specific application areas. For instance, for tropical countries, a heat-tolerant Cocoa Butter Equivalent (CBE-HT) has been developed that improves the thermo-stability of the chocolate product. Similarly, Cocoa Butter Equivalent without palm component has also been developed to replace conventional CBE in different chocolate products.

Operational Excellence

The Company is committed to give its customers cost effective solutions along with the best quality. Manorama Industries Limited is constantly investing in its technical and QA/QC teams, and together with the production team, it works round-

the-clock to develop and implement innovative ideas to reduce cost and deliver products on time at competitive prices. This strategy has built the Company's reputation as a leading customized solution provider.

Building on its competencies in the food and cosmetics segments, the Company is developing new products for segments like spreads. Our strategy is to develop products for the health sector in future.

The Company continues to build upon and invest in the culture of innovation, research, empowerment, quality focus and customer-centric approach, even as it forays into new geographies, drive both value and volume-based business growth. This multi-pronged strategy will shape the 'Manorama of tomorrow', with a focus on profitability, sustainability, socio-economic welfare

and ecological benefit, where qualitative and quantitative parameters are both of paramount importance.

MARKET STRATEGY

Exploring new markets, tapping new opportunities

Market insights

Our solutions are never a success unless they add tangible, long-term value to our customers. Through our co-development approach, we start by gaining deep insights into the drivers behind market demand, as well as the challenges they present. This gives us a powerful framework to ensure each solution is exactly in line with the customer's specific requirements.

Value at every stage

When it comes to creating a new solution, our global network of Customer Innovation Centers is home to many of the best engineering and technical minds in the business. We work in close collaboration with our customers' own teams and experts to bring the best resources into play at every stage. This allows us to make sure that value is created throughout the process until the final solution is ready for launch. Manorama's approach to innovation offers significant advantages that help customers to be more competitive and build market share. This is not only through safer, more cost-efficient processing or a more sustainable supply, but also through superior products with a better sensory experience, better nutritional profile or that tap into the latest consumer trends.

Strategic Growth

Our assessment shows favourable market and consumer trends and new opportunities for continued profitable growth. We are building on very strong historical performance, and although we will preserve the DNA of our company we will, going forward, prioritize and operate our business somewhat differently. Acknowledging that different industries are characterized by different market dynamics, it is important to differentiate our approach to each of them. Therefore, we have identified four different portfolio roles: "Invest in continued growth", "Bet on the future", "Optimize performance", and "Maintain current strategy".

Our strong historical growth in Chocolate & Confectionery Fats has been made possible by industry-leading application knowledge and an ability to offer customers the best solutions. Strengthening our key supply chains and capacities within customer innovation will enable us to capture growth in high-value applications.

Sustainable solutions to the cosmetics industry

Manorama applies its technical expertise and technological know-how in the development of

high-performing, functional emollients for the cosmetics industry. We started to serve all customer categories, from local niche brands to multinational brand leaders.

Sustainable and responsible ethical sourcing and traceability are becoming increasingly important for consumers and cosmetic producers. In response to customer interest in increasing the social value of their brands, we have developed Sustainability Partner Programs in collaboration with the Global Shea Alliance, where customers or brands can engage directly in supporting the optimization of the shea sourcing and processing in West Africa.

The Company is a customer-focused solution provider offering a range of customized products, across food, chocolate and confectionery industries Mango, Sal, Shea-based fats and butters to Non-Palm Cocoa Butter Equivalents (CBEs) and Cocoa Butter Improvers (CBIs). The Company is also expanding its products offerings in the Non-Palm Filling fats segment. Even as the Company's state-of-the-art manufacturing facility delivers output to meet the existing demand of customers, its well-equipped laboratory with talented researchers works closely with the marketing team to understand customer needs and introduce innovative offerings to meet these emerging needs.

In terms of marketing strategy, the Company has a multi-pronged approach that enables it to maintain its leadership position in the niche markets, as well as charts the path for future growth. While building solid relationships with existing customers, Manorama Industries Limited is exploring new markets and tapping potential for new applications for its products both in chocolate/confectionery as well as cosmetic space, even as it explores emerging opportunities for its products in pharmaceutical and health supplement segments.

While the Company has a diverse network of distributors across geographies to cater to the needs of its cross-continental customers, it also

CSR & SUSTAINABILITY

Enabling Individuals, Empowering Communities

As an ethical business and a community-committed organization, Corporate Social Responsibility (CSR) is at the core of the Company's corporate philosophy. From paying a fair price to community trade partners to enriching the lives of supplier communities through positive interventions, Manorama Industries Limited believes that people-welfare precedes profits and a good business is one that creates value for all stakeholders.

Going way further than the responsibility statement of the Company's CSR Committee and beyond the compliance stipulations, Manorama Industries Limited truly touches the lives of communities that it operates in and makes a positive impact for true transformation.

One of the thrust areas for the Company's CSR program is Education, with the Company managing primary schools in remote and rural areas in the Central and Eastern parts of India. From organizing social welfare campaigns and providing medical assistance for marginalized communities, to providing health & sanitation support in rural areas

and working with women's self-help groups (SHGs) to implement development programmes, the Company has a multi-pronged approach to CSR.

With the Company still in the process of ascertaining its core CSR programs, the Company was unable to exhaust its CSR budget during the year, as per the limits prescribed under Companies Act, 2013. Going forward, the Company will not only endeavour to spend the complete amount on CSR activities in accordance with the statutory requirements, but also take stronger strides to enable individuals and empower communities.

Sustainability

The Company sees sustainability as an ongoing commitment, not simply a goal to be reached. Manorama Industries Limited is continuously working to reduce its carbon footprint while creating innovative solutions to support the communities the Company operates in around the world, from the remote forests in the heartland of India to the bushes of Western Africa, positively impacting the lives of millions of women.

Manorama Industries Limited awarded for CSR towards Sustainable Development Goals (SDGs) in Chhattisgarh state. Award received by CSR Manager Suryamani Mohanti from Dr Premsai Singh Tekam, Hon'ble Minister for School Education, Government of Chhattisgarh, Shri Ram Kumar Yadav, MLA Chandrapur, Kanker and Shri Rusen Kumar, Founder - India CSR Network at the CG Leadership Summit 2020 organised in Raipur, Chhattisgarh

Four Sustainability Focus Areas

We have defined four sustainability focus areas – the "pillars" – that are important to our business. They provide an overview and guide us in setting objectives and focus our resources. The four focus areas are: Our Customers, Our Suppliers, Our Planet, and Our People.

Our Customers

Our Customers covers all areas in which we interact with customers. It includes products, product development, food safety, product information, and market communication. Interaction with customers is based on sound business ethics and a deep understanding of the company's responsibility for safeguarding customer brands.

Our Suppliers

This area covers activities related to the sourcing of raw materials that we use. Sustainable sourcing is the backbone of Manorama's business and a key element in our strategy. To obtain the right raw materials is essential but we place equal emphasis on how they are produced. For this reason, we have implemented a Code of Conduct for Suppliers of Raw Materials that applies to all actors in the supply chain.

Our People

stakeholders.

This focus area is about working life at Manorama – how to remain an attractive workplace and assure a healthy, equal and safe workplace. Our employees are our most important resource. Manorama is a diverse company with employees from many parts of the world and with many different job functions. Common to every employee is our values and our Group Code of Conduct. These govern the way our business is conducted and how employees interact with each other and Manorama's

Our Planet

Our Planet covers our impact on the environment in terms of resource consumption and emissions from our production plants. It is a top priority for us to minimize our use of natural resources and emissions per processed product even though our stronger focus on more refined products drives a higher degree of processing. All production sites are required to continuously work to improve their respective environmental footprints as well as get new acquired plants on track with Manorama standards.

THE BATTLE AGAINST COVID-19

As part of its commitment to its people and the extended community, the Company contributed in the fight against COVID-19 through a series of initiatives and interventions:

- Distribution of face masks, hand gloves, liquid sanitizer
- Engaging medical practitioners to conduct health check-ups within plant premises
- Implementing a daily check-list for COVID-19 symptoms at the Company's main gate
- Ensuring pre-gate entry sanitization
- Switching from punching system to using MyGate app for entry
- Thermal screening of all persons
- COVID check sheet for all
- Oximeter test before plant entry
- Oxygen cylinder available in OHC (Occupational Health Center)
- Vehicle sanitization
- Plant area touch points sanitization
- Alcohol sanitizer at main gate and in all departments
- Installing extra hand wash station in front of main gate
- Distribution of Vitamin tablets
- Steam inhalation system installed at OHC (Occupational Health Center)

- Arsenic album-30 distribution at OHC on a monthly basis
- Providing training to employees regarding corona virus
- Floor marking in canteen main gate, OHC, office areas for maintaining social distancing
- Established system for leg operated door opener, leg operated sanitizer machine and leg operated drinking water station

During existing pandemic situation, people of CG are fortunate to have AIIMS. AIIMS is extending very good services and support and is taking utmost care of patients. This is the reason the Corona Virus Positive patients are recovering and getting well and returning home happily. Manorama Industries Limited takes the pleasure and honour to extend its small support to AIIMS machine and other Accessories for medical help worth ₹3 lakh on June 8, 2020. In the pictures with Dr Nagarkar, Director AIIMS, Dr Sarita Agarwal, HOD AIIMS, are Manorama's Vinita Saraf, Chairperson & Managing Director, Dr Neeta Kanwar Independent Director MIL and Mr Ashish Saraf President are seen. ●

Risk and Risk Management

Pursuant to the requirement of Listing Regulations, the Company has constituted Risk Management Committee, which is mandated to review the risk management plan/process of the Company. Risk evaluation and management is an ongoing process within the Organization.

The Company has a comprehensive risk management policy, which is periodically reviewed by the Risk Management Committee.

WOMEN EMPOWERMENT PRINCIPLES (WEPs)

A commitment to gender equality

A signatory to UN Global Compact's Women Empowerment Principles (WEPs), Manorama Industries Limited is committed to integrate and promote the Women Empowerment Principles (WEPs) established by United Nations Global Compact and the United Nations Women. The WEPs are a primary vehicle for corporate delivery on gender equality dimensions of the 2030 agenda and the United Nations Sustainable Development Goals. By joining the WEPs community, the Company continues to exhibit a high level of commitment towards working collaboratively in multi-stakeholder networks to foster business practices that empower women, by working towards equal pay for work of equal value, gender-responsive supply chain practices and zero-tolerance against sexual harassment in the workplace.

The Women's Empowerment Principles

The Women's Empowerment Principles are a set of 7 Principles for business offering guidance on how to empower women in the workplace, marketplace and community. They are the result of a collaboration between the United Nations Entity for Gender Equality and the Empowerment of Women (UN Women) and the United Nations Global Compact.

FROM THE DESK OF

CHAIRPERSON & MANAGING DIRECTOR

VINITA ASHISH SARAF

Dear Shareholders,

I am pleased to share with you a performance update on your Company's performance for the period 2019-20. I am proud to report that Manorama Industries continues to build on enhancing its leadership position in the country in manufacturing, processing and supply of exotic and specialty fats & oils and remains committed to being an acknowledged global leader in super specialty tailor made fats and Cocoa Butter Equivalent (CBE) used in chocolate, confectionery and cosmetics global sector.

Business performance

Your company continues to boost forward on its growth trajectory by successfully tapping the growth opportunities. During the year, Manorama Industries continued to build upon and progress further on its growth track by successfully tapping the growth opportunities. During the year, the company has achieved excellent performance in terms of growth in sales led by strong demand and profit compared to last year.

The company's core CBE segment registered solid growth on the back of innovations that catered to both global and local palates. Backed by this growth, your Company sustained its robust volume-driven and profitable growth during the year. Despite the disruptions to production and dispatches arising from COVID-19 in March 2020, your Company delivered a year-on-year growth.

Top Highlights of the Financial Performance and other Activities during this period:

- Revenues from operations for the first quarter ended March 31, 2020 (Q1FY21) stood at
 ₹ 188.24 crore as compared to 102.39 crore in FY19. Up 83.83% Y-o-Y
- The Company reported Earnings before Interest,
 Tax, Depreciation and Amortization (EBITDA) of

- ₹ 49.80-crore in FY20 as against ₹ 31.92-crore in FY19, up 55.99%. The Company's EBITDA margin stood at 26.45% Y-o-Y
- Profit before tax stood at ₹32.37-crore as compared to ₹26.56-crore, up 21.86% Y-o-Y
- The Company reported PAT of ₹23.33-crore for FY20 compared to ₹19.06-crore, up 22.40%. The Company's PAT margin stood at 12.39%
- The Company achieved Cash margin of ₹ 31.00 Crore as compare to ₹ 19.87 Crore for the earlier period, up by 56%
- Earnings per share (EPS) for the year end stood at ₹20.94

Capacity addition

I am happy to report that with round the clock hard work and efficient planning and execution, your company has been able to successfully commission the new greenfield state-of-art manufacturing facility at Birkoni Raipur in a record time. This is a testament to our team's excellent project management skills and top-notch execution capabilities.

The commissioning of the new plant and the resultant capacity expansion makes Manorama Industries a leading Indian manufacturer in the global CBE and specialty butters & fats market, and will enable the Company to further ramp up its output for the unmet demand globally.

DSIR certification

This year was more fulfilling for us as our Research and Development (R&D) facilities have been recognized and certified by the Govt. of India's Dept. of Scientific & Industrial Research (DSIR), the sole authority for granting R&D recognition and certification to companies in India. With DSIR recognition and certification, Manorama Industries joins the illustrious band of select 2,000 companies in India who have this recognition and certification. We are the only company in this segment of exotic and specialty fats/butters with this esteemed certification in the country. This is a validation of our company philosophy of being driven by continuous innovation and portfolio expansion with a strong R&D focus right since our inception in 2005.

Business outlook

business performance Your company's and achievements is significant given the backdrop of the challenging business environment led primarily by the novel Corona virus. This led to a general weakening of sentiment both from a business perspective and impact on the society at large domestically as well as globally. I am proud to report that despite these drawbacks Manorama Industries has risen to the occasion and come out with flying colours to deliver competitive, profitable and responsible business growth. In these trying times, our business performance mirrors our forceful and values-led journey since inception to navigating the current pandemic in line with our projected expectations.

As the operations of the company are coming to normal gradually, the company does not foresee any material impact in terms of profitability of its products. Enough caution is applied toward minimizing the costs so as to bring in cost discipline to achieve our short to mid-term profitability, but without compromising our long-term strategic focus. It is difficult at this stage to assess the exact impact of COVID-19 on our performance for the whole of FY2020-21. However, we see strong and encouraging intrinsic upward direction in our user markets and we remain cautiously optimistic.

Your company has delivered a strong performance with a focus on 'premiumisation' driven by the expansion of our high-value Shea Nuts operations in West Africa through Manorama Africa Ltd, which is primarily into procurement operations in Africa of Shea nuts found mainly in West Africa. It fulfils Shea nuts requirement of Manorama Industries' manufacturing facilities. The Company intends to set up Shea Processing facilities in Africa in the near future to process larger volumes of Shea nuts, thus yielding better efficiencies and higher valuecreation. We intend to make the African operations a 100% subsidiary of Manorama Industries.

Our growth fundamentals continue to be in good shape with gains in penetration and augmentation in distribution. Most of our brands and products have registered strong growth. We persevere in our quest to expand our portfolio of new clients, new segments and new geographies and enhancing our financial agility. This is a testimony to the power of our unique collaborative, customer-centric approach and the definitive initiatives taken to readjust our business to the quick changing business circumstances brought by COVID-19 and the future of our business.

With the new initiatives, your Company now makes products that involve multiple cycles of operations, thus delivering maximum utilization of plant and production capacities. To fuel this growth, your Company has also augmented the working capital allocations, while drawing a capex road-map for future growth.

In line with our business philosophy of bringing together our customers' requirements with our capabilities and with our augmented production capacities your Company's R&D team has drawn a 5-year roadmap to introduce product innovations and customized solutions. This will enhance the market-share as well as value-share of Manorama Industries in food, chocolates, confectionery as well as in cosmetics, skin and personal care and other segments. Expanding its dominance in the B2B

space, your Company is also planning to enter the B2C space with a new range of consumer products targeted through retail platforms and e-commerce channels, which will further accelerate growth.

Going forward, we are confident of healthy top line and bottom-line growth and market share gains, backed by a strong and diversified product portfolio. We continue sustain our focus on R&D, superior product quality with adherence to best in class standards and competitive pricing. Our products are witnessing strong traction in the international markets as is evidenced by the swelling size of our order books and a sizeable export revenue.

Sustainable & inclusive growth during pandemic

For us, sustainable growth is about our responsibility towards all of our key stakeholders — the tribal / forest dwellers are our major suppliers, local communities where we operate, our customers, employees, investors, bankers and our other suppliers. It is with a great sense of pride, that I share that while our teams and supplier networks showed tremendous resolve and resilience to keep the momentum of the Company's operations going through the pandemic disruption, despite market pressures, your Company paid full compensation to all our employees and other stakeholders throughout the lockdown period. We continue to collaborate with thousands of women self-help groups (SHGs) and millions of tribal/forest people for sustainable sourcing of superior-quality of raw material. We are committed to adding real social and economic value to members of our supply chains.

It is difficult times like these that test our character as individuals and businesses, and I am glad to share that your Company has come out stronger and sturdier from the COVID-19 pandemic. Caring for communities is at the core of your Company's ethos, and we are proud of having firmly stood

We expect to achieve optimum production levels in the year 2020-2021 and further progress our ambition to become one of the leading Indian manufacturers in the global CBE & specialty butters & fats market and will enable the Company to further ramp up its output for the unmet demand globally.

by our values through these testing times, while pursuing profits with a conscience.

I take this opportunity to reiterate that your Company stands united with the nation during this challenging phase of COVID-19. To support the nation in tackling the crisis, we have partnered with the Government, civic bodies, social organisations and hospitals and have undertaken several initiatives such as donating sanitation and hygiene products to medical institutions and underserved sections of the society, upgrading health care facilities in Government hospitals and testing centres, setting up isolation centres and creating large scale awareness campaigns.

I would like to thank each and every employee as well as all our partners across our value chain in India and around the world for their commitment and support to the Company in these challenging times. Most importantly, I would like to thank you, our shareholders, for your overwhelming trust, support and confidence in Manorama Industries Limited.

Warm regards,

Vinita Ashish Saraf

Chairperson and Managing Director

EXECUTIVE DIRECTOR

KEDARNATH AGARWAL

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present to you Manorama Industries Limited's annual report for the financial year ended March 31, 2020 (FY 2019-20).

Growth journey continues

Manorama Industries' growth trajectory continues upward, I am happy to report that your Company has once again posted a remarkable performance for FY2019-20 with revenues of ₹188.24 crore which is an 84% increase over the previous year. Profit after tax has also risen by 22.40% to ₹23.33 crore in the same period.

Additionally, I am happy to inform you that your company has successfully begun full scale commercial production at its new state-of-the art plant at Birkoni, Chhattisgarh. The new plant is now fully functional in record time including the key process of fractionation.

This greenfield capacity now enables Manorama Industries with first mover advantage in the manufacture of premium specialty fats and butters in India and tap into the strong and growing demand for our products across the globe.

Newer geographies & customers

During FY2019-20, your Company further expanded its customer base across geographies. In particular, we achieved higher sales as our exports increased by 58.45% in FY2019-20 with the launch of new products and as we acquired fresh customers and expanded into new markets.

Our products are now used by the world's leading brands in food, chocolates, confectionary and cosmetic sector.

Manorama Industries manufactures Shea butter made from the finest quality Shea nuts sourced through our operations in West Africa. The company is also the largest manufacturer by volume of Sal and Mango-based specialty fats and Cocoa Butter Equivalents (CBE) in India.

Meeting customer requirements backed by world-class R&D

At Manorama Industries, our constant focus remains on customer satisfaction with uncompromising integrity. Right from the very beginning the promoters had invested in R&D as they believed strongly in innovation and quality. We strive to leave no stone unturned in meeting customer expectations. This ensures that we deliver products that are value propositions for our customers around the world. Our product strength derives from our strong investments in cutting-edge research and development (R&D) and firm commitment to the highest quality standards. We have a world-class research laboratory, which is equipped with proprietary equipment and manned by a talented team of innovators.

I am delighted to share that our R&D efforts have won recognition and certification from the Government of India's Department of Scientific and Industrial Research (DSIR), which is the sole authority for granting R&D certification to companies in India. With this, Manorama Industries has joined the elite club of 2,000 companies having DSIR certification. It

is the only company in this segment of exotic and specialty fats / butters with this certification in the country now allowing accelerated development of new and exciting products in-house on continuous basis with better speed to market.

New Products & segment niches – drivers of growth

The Company has a rich history and proven track record of customer retention and derives a significant proportion of its revenues from repeat business. Over the years, Manorama Industries has developed strong business relationships with large global food, cosmetics, chocolate and confectionery manufacturers with many of them being Fortune 500 companies. Through our unique collaborative, customer-centric approach, we bring together our customers' requirements and know-how with our capabilities and skillset. By doing so, we develop innovative customer-specific solutions across many industries — Chocolate & Confectionery, Bakery, Dairy, Special Nutrition, Foodservice, Personal Care, and more.

The Company sustained its thrust on product development during the financial year. From expanding our product and segment portfolio perspective, I am happy to report that we are looking at entering the business-to-consumer (B2C) segment and are currently developing a range of new products for this and the business-to-business (B2B) segment such as thermo-tolerant CBEs and chocolate spreads, cocoa butter replacers and chocolate-filled biscuits and bakery products. In addition, the Company is working on developing new product offerings in the Non-Palm Filling Fats category.

Apart from its core food, chocolate, confectionery and cosmetics segments, Manorama Industries is also broad-basing its product development to target the health Nutrition segments.

Your Company firmly believes it can sustain its performance in FY2020-21 by optimising production

I am delighted to share that our R&D efforts have won recognition and certification from the Government of India's Department of Scientific and Industrial Research (DSIR), which is the sole authority for granting R&D certification to companies in India.

in the new plant at Birkoni and adapting to changing customer needs to increase its revenues and enhance its profitability. We continue to doggedly pursue our mission to become a leading global player in our value-added innovative niche products segments.

Our growth shall continue to derive strength from our highly professional management, which is committed to our key values of mutual trust and commitment, and our thrust on eco-friendly and sustainable business practices. We believe we must respect our life-sustaining forests by minimising the impact of our operations on forest-based ecosystems even as we continue to provide employment opportunities for tribals in remote locations.

The numerous tribal communities that we work with are partners and stakeholders in our success. We continue to stand by them and support them through these difficult times of COVID-19.

COVID-19 scenario

Undoubtedly, the COVID-19 pandemic and resulting economic slowdown have created an unprecedented challenge for the Company and businesses around the world. But like we have in the past, we are confident in our ability to turn the challenge into an opportunity. In these difficult times, we remain confident in our business model and long track record that will weather us through

macro uncertainties. At the same time, given the uncertainty and ever evolving situation with the pandemic, we will continue to apply caution coupled with our financial discipline by aggressively focusing on cost management and cash conservation we believe the company is in a strong position to overcome the challenges of the global pandemic.

Treasuring trust & support

Needless to say, our success would not have been possible without the efforts of our employees, who are our greatest assets. I wish to express my sincere appreciation to them for their contribution. I would like to extend my gratitude and acknowledgement to our management team, staff, bankers and business associates for their commitment and contribution towards Manorama Industries' journey. Further, I would like to show my appreciation for my

fellow directors for providing guidance amidst the tough operating environment. Last, but not least, I would like to reinforce my acknowledgement of the support to our loyal shareholders for being our pillar of support.

In the end I would like to reiterate that your company will continue to drive ahead in building a more sustainable business for our customers, while enhancing our shareholders' value and will come out of the current crisis stronger than before.

Warm regards,

Kedarnath Agarwal

Executive Director

- 2. Report on Cocoa Butter Equivalent by CARE Advisory Research & Training Ltd July 2020

MANAGEMENT DISCUSSION & ANALYSIS

Macro-Economic Overview

merging from the disruptive impact of the global pandemic, businesses and economies are in recovery mode. Even as the International Monetary Fund's report titled *A Crisis Like No Other* has estimated that the global economy will shrink by 4.9% this year, it has projected that global growth will bounce back at 5.4% in 2021.

Overall trade contracted globally by around 3.5 per cent Y-O-Y in the first quarter, due to weak demand, reduction in tourism, restrictions on travels, stoppage of production activity and disruption of supply services due to lockdowns. Consumption is projected to strengthen gradually next year, and investments are also expected to firm up. This indicates a slow and gradual recovery onwards of H2FY21.

While there is still a high level of uncertainty on a global level due to the COVID-19 pandemic, the development and introduction of effective vaccines will play a key role in reshaping the economic

Estimated Global Economy

4.9%

recovery. Vaccine trials are already underway at an unprecedented speed and its advent will develop positive sentiments amongst consumers and businesses.

Cocoa Butter Equivalent Industry

As per the report by Euromonitor, the demand for chocolates in India has grown substantially, from approximately at a CAGR of 6%, and the growth momentum is expected to continue in the years to come. Multinational companies like Nestle, Mondelez, Ferrero, MARS and Hershey have particularly dominated the market. The Indian chocolate industry is expected to grow rapidly to a consumption level.

Cocoa Butter Equivalent (CBE) is not only a more cost-effective substitute of Cocoa Butter, but it also ensures the same quality of the chocolate, while reducing the cost of the chocolate significantly. CBE is no different in texture, flavour and taste when compared with Cocoa Butter.

In India, the market for CBE is growing and is expected to benefit from the increasing consumption in line with the increasing population, the increased per capita consumption of chocolates and manufacturers switching to CBE in view of high cocoa butter prices.

It is estimated that the global Specialty Fats & Oils market is expected to grow at a CAGR of 6.6% in terms of revenue. The APAC region is one of the largest markets of growth for specialty fats and oils, and will continue to be so with an expected size in terms of volumes.

Chocolate Industry

The European region is the highest consumer of Chocolates, with an annual consumption of 11 kg per capita. The majority of chocolate sales are accounted for by the US manufacturers like Mondelez International, Mars Inc., etc.

The worldwide consumption of chocolates is fast growing and the market is led by behemoths like Mars, Mondelēz International, Nestlé, Ferrero, Hershey, Lindt & Sprüngli.

The Indian chocolate market has seen a gradual shift of consumer preferences from traditional Indian sweets to contemporary substitutes, of which chocolates are the prominent ones. Six of the top-10 global chocolate manufacturers have already entered the Indian chocolate market, even as chocolates are gradually becoming a part of everyday consumption rather than occasional consumption. Moulded chocolates continue to be the favourite of the Indian market due to its rich taste and ease of availability in neighbourhood kirana shops, convenience stores and even chemist outlets.

The increasing tradition of chocolate gifting and the fear of adulteration in traditional sweets is also expected to be a major driver for the industry. Further, innovation in chocolate marketing and introduction of premium chocolates is also one of the biggest growth drivers for the Indian Chocolate Industry.

Ref: 1. World Economic Outlook Update by IMF – June 2020

2. Report on Cocoa Butter Equivalent by CARE Advisory Research & Training Ltd – July 2020

PRODUCT PORTFOLIO OF MANORAMA INDUSTRIES

Cocoa Butter Equivalent (CBE): The Company's key focus has been on CBE given its various advantages for the chocolate industry, like reduction in the production cost of chocolates as CBEs are more cost-efficient compared to cocoa butter, stabilizing influence on fluctuating price of cocoa butter, improved stability of chocolates in tropical climate and the factor of bloom control.

Mango butter: Its fatty acid composition, combined with the unique unsaponifiable matters, helps to maintain soft and supple skin when applied in cream and lotion formulations.

Mango stearin: It is obtained via solvent fractionation or dry fractionation of Mango butter, and its composition and physical characteristics are comparable to those of Sal stearin.

Mango olein: Mango olein is the liquid fraction obtained from the production of Mango stearin and has a wide application in the cosmetics industry. It is used in formulations which aid in moisturizing, healing dry and cracked skin, and facilitates skin-cell renewal.

Sal butter: The Sal seed possesses 13-14% butter content, high in stearic, oleic acids and other essential fatty acids, which finds utility in lotions, creams and butter blends.

Sal stearin: It is the solid fraction obtained

via solvent fractionation of Sal Butter and when blended with palm mid-fraction, it results in Cocoa Butter Equivalent.

Sal olein: It is the liquid/soft fraction obtained when producing Sal stearin. Having zero trans-fat and being non-hydrogenated, it is also used as a healthy alternative fat in a variety of applications such as soft confectionery, center filling, chocolate spreads, bake-stable bakery applications and icecream.

Shea butter: Shea nuts possess 45-52% butter content, and are high in stearic, oleic and other essential fatty acids, which find utility in lotions, creams and butter blends. Shea butter contains symmetrical triglycerides, which after fractionation gives suitable raw material for cocoa butter equivalents.

Shea stearin: It is the solid fraction obtained via solvent fractionation of Shea butter and when blended with palm mid-fraction, it results in a Cocoa Butter Equivalent.

Shea olein: This is the soft fraction obtained when processing Shea butter to produce Shea stearin. Having zero trans-fat and being non-hydrogenated, it is used as a healthy alternative fat in a variety of applications such as soft confectionery, center filling, chocolate spreads, bake-stable bakery applications and ice-cream.

OPPORTUNITIES

Manorama Industries Limited plans to make Manorama Africa Limited, incorporated in Ghana, a wholly-owned subsidiary for its operations in West Africa.

During the year, the Company has achieved excellent performance in terms of growth in sales, led by strong demand and robust profit compared to last year. Through extraordinary execution and efforts, the production facilities at the Company's new plant at Birkoni started full commercial production units during the year. The key process of fractionation has also commercially started in March, 2020. With this achievement, the Company is expected to achieve production at optimum level in the year 2020-21. The Company aspires to emerge as one of the leading Indian manufacturers in the global CBE and specialty butters & fats market.

The Government of India provides special incentives and support for agriculture, vegetable oil & fats, and food processing industries. Furthermore, the opening up of global trade and liberalization also provides a huge opportunity for foreign collaboration.

The domestic contribution to the top-line stands at 57%, while exports account for 43% of the sales.

With commencement of new Birkoni Plant, the Company has operational capacities as under:

* Proposed in 2021

The new Export-Import Policy under the new input-output norms for export of cocoa butter equivalents has announced an import entitlement of 1.02MTs of Crude Palm Oil & 0.10 MTs of Mid Fraction against export of 1.02MTs of Cocoa Butter Equivalents. The import as mentioned above will be exempt from duty, which is presently 75% of the value of imports.

RISKS & THREATS

Change in consumer behaviour

Consumer tastes and preferences can change overtime; with more focus on health conscious food habits, the consumption of chocolate and other bakery & confectionary products might be affected.

Capital Intensive Business

The management anticipates pressures on working capital for sourcing of raw material which is available for a very short span of time during the whole year. Thus, there is a high requirement of funds during this short period, which needs to be planned and provided for appropriately. However, in order to mitigate the potential funds crunch, the Management has made adequate arrangements for the same. The average use of working capital finance was 80% last year.

Forex Risk

Manorama Industries' financial performance, given its predominant Export Business, is significantly impacted by fluctuations in exchange rates. The Company takes a structured approach to the identification, quantification and hedging of such risks through Forward Forex booking of currency, which is driven by a comprehensive risk management policy of the Company.

Disruption in Operation due to ongoing Novel Covid 19 Pandemic

It is difficult at this stage to assess the exact impact of COVID-19 on our performance for the whole of FY2020-2021. However, we see strong and encouraging intrinsic upward direction in our user markets and we remain cautiously optimistic.

FINANCIAL OVERVIEW

For full year ended March 31, 2020 (FY20):

- Revenues from operations for the first quarter ended March 31st, 2020 (Q1FY21) stood at ₹ 188.24 crore as compared to 102.39 crore in FY19. Up 83.83% Y-o-Y
- The Company reported Earnings before Interest, Tax, Depreciation and Amortization (EBITDA) of ₹ 49.80 crore in FY20 as against ₹ 31.92 crore in FY19, up 55.99%. The Company's EBITDA margin stood at 26.45% Y-o-Y
- Profit before tax stood at ₹32.37 crore as compared to ₹26.56 crore, up 21.86%
 Y-o-Y
- The Company reported PAT of ₹23.33 crore for FY20 compared to ₹19.06 crore, up 22.43%. The Company's PAT margin stood at 12.39%
- The Company achieved Cash margin of ₹31.00 crore as compare to ₹19.87 crore for the earlier period, up by 56%
- Earnings per share (EPS) for the year end stood at ₹ 20.94

OUTLOOK

The Management is confident that 2020-2021 will be a year of smooth operations and consistent growth, driven by optimum level of production and increased revenue, allowing absorption of costs in an efficient manner, eventually resulting in increased profitability.

With strong expectations of the increase in 5% limit for the use of CBE in chocolates, the scope for growth is exponential. We are confident that the Government will increase the 5% limit as it is beneficial to manufacturers of chocolates, without affecting quality of the product given that CBE is cost-effective compared to Coco Butter, but does not affect the taste and texture of the chocolate. During the year, the facilities at our new plant at Birkoni started full commercial production of all units, including the most important process of Fractionation. With this achievement, the Company is expected to achieve production at optimum levels in 2020-21.

The COVID-19 crisis is an unprecedented event which has affected our lives in a way one could never have expected. However, Manorama Industries, with its decades of entrepreneurial experience, has always taken on tough situations and challenges with a positive approach. Our purpose and values of protecting our people, their lives and livelihood, safeguarding the interest of thousands of partners and stakeholders who contribute to our success and who need a helping hand and to reinforce our bonds with the community and society in this hour of need, guides us through this tough period.

Ensuring timely payments, which is inherent to our values, and recognizing the difficulties of tribals, the company is trying to procure maximum possible quantities of seeds from them in India & West Africa.

At Manorama Industries, we are committed to adapting quickly to changing customer needs and

to various other challenges. We have successfully overcome many challenges and are confident that, together with all those who are fighting against this pandemic and its consequences, we shall overcome this as well. We are already progressing on the new strategy to navigate the new normal and turn the challenges into opportunities while aggressively focusing on cost management and cash conservation in order to tide over these challenging times.

Internal Control Systems

The Company attaches significant importance on having tested internal control systems, risk assessment and management of operating risks. These risks are

actively managed by the Management Committee through various committees and strong internal processes. This internal control structure also has considerable oversight and is monitored by an external set of auditors, both statutory and in-house. The Company's internal controls are commensurate with the nature of the business and size and complexity of its operations.

Some significant aspects covered in the internal control framework include Standard Operating Procedures and Risk Control Matrix for all business processes to ensure effective internal financial controls.

Oversee by Audit Committee

- End-to-end integration across supply chain, manufacturing and sales processes
- Review and approval of annual operative and capital expenditure budget and monthly monitoring of actual spends
- Regular review of key business risks such as new product development, foreign exchange management, financial reporting, and legal

- framework for compliances applicable to the Company
- Implementation of compliance tools in Factory and Head Office
- For overall supervision of controls, Company has a Management Committee to take key business decisions. The statutory auditors have also issued a clean report on internal controls of the Company

Material developments in HR /Industrial Relations

The Company has established an organizational structure that is agile and focused on delivering business results. Through regular communication and sustained efforts, it is ensuring

that employees are aligned on common objectives and have the right information on business

evolution. The Company strongly believes in fostering a culture of trust and mutual respect in all its employees and seeks to ensure that Manorama's values and principles are understood by all, and are the reference point in all people matters. The Company recognizes the contribution of its dedicated and skilled workforce, the key drivers of the sustainable business growth.

As one of the most valuable assets of the Company, our human resources are responsible for our growth story and competitive advantage. Aligning to our people-first strategy, we continue to focus on hiring the best talent and nurturing them to achieve their full potential. Alongside career growth, we encourage the personal growth of each and every employee to pursue their areas of interest and develop a sense of belonging and ownership towards their duties and responsibilities. •

Earnings per equity share (Face Value of 10) (Not Annualised)		
(a) Basic (in~)	20.97	20.26
(b) Diluted (in ~)	20.97	20.26

2. Financial Highlights

The Company has reported total revenue of Rs.1,94,19,33,911 for the current year as compared to Rs. 1,06,04,35,861 in the previous year. The Net Profit for the year under review amounted to Rs. 23,33,49,996 in the current yearas compared to Rs. 1,90,604,748 Crore in the previous year.

3. Dividend

With a view to strengthen the financial position of the Company, your Board of Director's have not recommended any dividend for the financial year 2019-2020.

In terms of Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations"), the Company is not required to adopt a Dividend Distribution Policy.

4. Reserves

Company has not transferred any amount to the general reserve or other specific reserves. However, the company has retained the current year profit in the accumulated Profit and Loss Account.

5. Nature of Business

During the period under consideration, there were no changes in nature of the business of your Company.

6. Material changes and commitments, if any, affecting the financial position of the company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report:

Company's manufacturing facilities remained shut from March 23, 2020 due to lockdown and partially started from 18th April 2020 after receiving government permissions. However upon reopening of our factories with minimum man power as per state government guidelines, we are in process of dispatch of some of our exports as well as local orders and would have some impact on our H1FY20-21 results. The manufacturing unit of the Company at Birkoni, Mahasamund (Chhattisgarh) had restarted its operations at 40%-50% capacity as permitted by the State Government guidelines. The Company is taking utmost care of its staff and work force like sanitization, social distancing, Temperature testing, Immunity Boosters for employees,

mandatory mask wearing and thermal check at the gate, maintaining proper hygiene. The company also have ensured regular doctor check-ups in the premises of the company. Due to unpredictable and fast changing COVID -19 situation, it is very difficult to assess the future impact of COVID -19 on business operations and it is expected to evolve over a period of time.

However, we are confident about our ability to manage this crisis through our financial stability, strong Customer base, committed employees and quality leadership.

7. Share Capital structure

Particulars	Amount in Rupees
Authorised Capital	
3,00,00,000 Equity Shares of Rs. 10/- each	30,00,00,000/-

Vinita Saraf Chairperson and Managing Director DIN:00208621

Place: Raipur

Date: September 03, 2020

Independent Auditor's Report

To the Members of Manorama Industries Limited

Report on the Financial Statements Opinion

We have audited the financial statements of Manorama Industries Limited ('the Company'), which comprise the balance sheet as at 31st March 2020, and the Statement of Profit and Loss and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with relevant Rules issued thereunder (as amended), ("AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and the profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context

of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Corporate Governance but does not include financial statements and our auditors report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- appropriateness Conclude on the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore key audit matters in our audit report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report)
Order, 2016 ("the Order"), issued by the Central
Government of India in terms of sub-section
(11) of section 143 of the Companies Act, 2013,
we give in the Annexure-A a statement on the
matters specified in paragraphs 3 and 4 of the
Order, to the extent applicable.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of subsection (11) of section 143 of the Act, we give in the Annexure-B a statement on the matters specified in paragraph and 4 of the Order.
- 2. As required by Section 143(3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the balance sheet, the statement of profit and loss and cash flow statement dealt with by this Report are in agreement with the books of account;
 - (d) in our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with relevant rules issued thereunder;
 - (e) on the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our

- separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (g) with respect to the other matters to be included in the Auditors' Report in accordance with the requirements of Section 197 (16) of the Act, as amended:
 - In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in with accordance with the provisions of Section 197 of the Act; and
- (h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company does not have any pending litigations which would impact its financial position;
 - ii. The Company did not have any longterm contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There were no amount, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure - A to the Independent Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the financial statements for the year ended 31 March 2020, we report that:

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of property, plant and equipment.
 - (b) As explained to us, the property, plant and equipment have been physically verified by the management at reasonable intervals, which, in our opinion, is reasonable, looking to the size of the company and the nature of its business. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) The title deeds of immovable properties, as disclosed in Notes on property, plant and equipment to the financial statements, are held in the name of the Company.
- (ii) As explained to us, the physical verification of inventories have been conducted at reasonable intervals by the management during the year. In our opinion, the frequency of the verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material and have been properly dealt with in the books of account.
- (iii) In our opinion and according to the information & explanations given to us, the Company has not granted any loan secured or unsecured to companies, firms, limited liability partnership firms or other parties covered in the register maintained under section 189 of the Act during the year. Therefore, the provisions of Clause 3(iii)(a) to (iii)(c) of the Order is not applicable to the Company.
- (iv) In our opinion and according to the information & explanations given to us, the Company has not given any loan and/or made any investment and given guarantees/security in terms of Section 185 and 186 of the Act.

- (v) In our opinion and according to the information and explanations given to us, the company has not taken any deposits from public; therefore, the provisions of clause 3(v) of the Order is not applicable to the company.
- (vi) We have broadly reviewed the books of account maintained by the company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act, in respect of Company's products to which the said rules are made applicable and are of the opinion that, prima facie, the prescribed accounts and records, have been made and maintained. We have, however, not made a detailed examination of the records.
- (vii) (a) According to the information explanations given to us, during the year the company is regular in depositing undisputed statutory dues including provident fund, employees' insurance, income tax, custom duty, goods & services tax, professional tax, cess and any other statutory dues with the appropriate authorities except some delay observed in such payments. According to the information & explanations given to us, no undisputed amounts of statutory dues as stated above were in arrears as at 31st March 2020 for a period of more than six months from the date they became payable except professional tax Rs.0.69 lacs become payable since June' 2019.
 - (b) According to the information and explanations given to us, there are no dues of provident fund, employees' state insurance, income tax, custom duty, goods & services tax and cess which have not been deposited on account of any dispute.
- (viii) In our opinion and according to the information and explanations given to us, the company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government as at the balance sheet date. The Company has not issued any debentures.

- (ix) In our opinion and according to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loan during the year. However, the Company has utilized the balance amount of money raised during the previous year for which the money was raised.
- (x) In our opinion and according to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year. Therefore, the provisions of clause 3(x) of the Order is not applicable to the company.
- (xi) The Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provision of Section 197 read with Schedule V to the Act.
- (xii) As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Therefore, the provisions of clause 3(xii) of the Order is not applicable to the company.
- (xiii) The Company has entered into transactions with related parties in compliance with the provisions of Section 177 and 188 of the Act wherever applicable. The details of such related party transactions have been disclosed in the financial statements as required under

- Accounting Standard (AS) 18, Related Party Disclosures specified under Section 133 of the Act, read with relevant rule issued thereunder.
- (xiv) In our opinion and according to the information and explanations given to us, the Company has not raised funds through preferential allotment during the year as per Section 42 of the Act. Therefore, the provisions of clause 3(xiv) of the Order is not applicable to the company.
- (xv) The Company has not entered into any noncash transactions with its directors or persons connected with him. Therefore, the provisions of clause 3(xv) of the Order is not applicable to the company.
- (xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Therefore, the provisions of clause 3(xvi) of the Order is not applicable to the company.

Annexure - B to the Independent Auditors' Report

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Manorama Industries Limited (the "Company") as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate

internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Membership No.076961

Raipur, 29th June, 2020 UDIN: F005782B000653814

TO THE BOARD OF DIRECTORS OF MANORAMA INDUSTRIES LIMITED

We have audited the accompanying half yearly financial results of Manorama Industries Limited for the half year ended 31.03.2020 and the year to date results for the period 01.04.2019 to 31.03.2020, attached herewith, being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us these financial results:

- are presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- ii. give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable accounting standards and other accounting principles generally accepted in India of the net profit and other financial information for the half year ended 31.03.2020 as well as the year to date results for the period from 01.04.2019 to 31.03.2020.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("the ICAI") together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Financial Results

These half yearly financial results as well as the year to date financial results have been prepared on the basis of the interim financial statements. The Company's Board of Directors are responsible for the preparation of these financial results that give a true and fair view of the net profit/loss and other comprehensive income and other

financial information in accordance with the recognition and measurement principles laid down in Accounting Standard 25, 'Interim Financial Reporting' prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error

In preparing the financial results, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Results

Our objectives are to obtain reasonable assurance about whether the financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (i) Identify and assess the risks of material misstatement of the financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (iv) Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the

- audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- (v) Evaluate the overall presentation, structure and content of the financial results, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The shares of the Company got listed on BSE-SME exchange on 04 October 2018 and the Script code of the company is 541974.

Note-2 Summary of significant accounting policies

a) Basis of preparation of financial statements

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis and guidelines issued by the Securities and Exchange Board of India (SEBI). GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('the Act'), read with Rule 7 of the Companies (Accounts) Rules, 2014.

The accounting policies have been consistenly applied by the Company are consistent with those used in the previous year.

b) Use of estimates

The preparation of the financial statements in conformity with GAAP requires Management to make estimates and judgments that affect the reported balances of assets and liabilities and disclosure relating to contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the period for the periods presented. Management believes that the estimates used like Net realizable value of Inventories etc. in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates.

c) Property, plant and equipment (PPE)

Property, plant and equipment have been stated at cost of acquisition inclusive of expenses directly attributable / related to the acquisition/ construction/erection of such assets. GST and other applicable taxes paid on acquisition of property, plant and equipment are capitalized to the extent not available/ utilizable as input tax credit under GST or other relevant law in force.

Expenditure incurred on renovation and modernization of PPE on completion of the originally estimated useful life resulting in increased life and/or efficiency of an existing asset, is added to the cost of the related asset. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.

After initial recognition, PPE is carried at cost less accumulated depreciation/amortization and accumulated impairment losses, if any.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds

and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

Note 2 Summary of significant accounting policies (cont'd)

d) Capital Work in Progress

Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work in Progress. Such costs comprises purchase price of asset including import duties and non-refundable taxes after deducting trade discounts and rebates and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities. depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under "Capital works in progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.

Capital Expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under "Capital work in progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects. Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.

e) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. After initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

f) Depreciation and Amortization

Depreciation on property, plant and equipment is provided on Written Down Value Method based on estimated useful life of the assets which is same as envisaged in schedule II of the Companies Act, 2013. However, assets costing ₹5,000 or less are fully depreciated in the year of purchase.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold land is amortised annually on the basis of tenure of lease period. Freehold land is not depreciated.

Amortization on Intangible Assets is provided on SLM basis considering estimated useful life of 5 Years.

g) Revenue Recognition

Sale of goods: -

Revenue is recognised to the extent that it is probable that be economic benifits will flow to the the Company and the revenue can be reliably measured

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer which generally coincides with the dispatch / dilevery of goods to coustomer and where there is a reasonagle certainty of acceptance of goods by the coustomer.

Goods & service tax are not received by the company on its own account. Rather, it is tax collected on value added to the commodity by the seller on behalf of the government Accordingly, it is excluded from revenue.

Exports Benefits:

Benefits arises on exports of goods like Duty Draw Back claim, MEIS licenses are recognized on accrual basis when exports sales are recognized.

Interest Income:

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

h) Inventories:

The method followed for valuation of Inventories are in line with the method as prescribed in Accounting Standard 2 and are consistently followed on FIFO basis by the company as follows-

The inventories of raw materials, stores & consumables, packing material, chemicals and fuels are valued at its purchase price including expenses which are directly attributable in bringing the Raw material to the Factory/ Godown.

Cost of Work in Progress and Finished Goods includes direct materials, labour, conversion and proportion of manufacturing overheads incurred in bringing the inventories to their present location and condition.

The by-products are valued at net realizable value.

i) Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that the company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

j) Income Tax

Tax expenses comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authority in accordance with the Income tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdiction where company operate.

Deferred tax on timing differences between taxable income and accounting income is accounted for, using the tax rates and the tax laws enacted or substantially enacted as on the balance sheet date. Deferred tax assets recognized only when there is a reasonable certainty of their realization.

k) Impairment

The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and

intangible assets or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pretax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

I) Cash Flow Statement

Cash Flow Statement is prepared in accordance with the Indirect Method prescribed in the relevant Accounting Standard. For the purpose of presentation in the cash flow statement, cash and cash equivalents includes cash on hand and other highly liquid investments with maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

m) Foreign exchange transactions

The functional currency of the Company is Indian Rupee.

The transactions in foreign currencies are stated at the rate of exchange prevailing on the date of transactions.

The difference on account of fluctuation in the rate of exchange prevailing on the date of transaction and the date of realization is charged to the Statement of Profit and Loss.

Differences on translations of Current Assets and Current Liabilities remaining unsettled at the year-end are recognized in the Statement of Profit and Loss.

In respect of transactions covered by forward foreign exchange contracts, the difference between the forward rate and exchange rate at the inception of contract is recognized as income or expenses over the life of the contract.

n) Derivative financial instruments and Hedge Accounting

The Company uses derivative financial instruments such as interest rate swaps and forward contracts to mitigate the risk of changes in interest rates and exchange rates. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are also subsequently measured at fair value. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

o) Employee Benefits

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

Post-Employment Benefits

Defined Contribution Plans

The company has no policy of encashment and accumulation of leave. Therefore, no provision of leave Encashment is made.

Company's contribution to Provident Fund and other Funds for the year is accounted on accrual basis and charged to the Statement of Profit & Loss for the year.

Defined Benefits Plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the

complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The company has recognized the gratuity payable to the employees as definedbenefit plans.. The liability in respect of these benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services.

p) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management estimate of the amount required to settle the obligation at the balance sheet date.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within control of the Company. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are not recognized or disclosed in the financial statements.

q) Earnings per share

Basis of earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholder by the weighted average number of equity share outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholder and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive equity shares.

Note-29 Employees benefit:

The Company has a defined benefit gratuity plan. Gratuity is computed as 15 days salary, for every completed year of service or part thereof in excess of 6 months and is payable on retirement/termination/ resignation. The benefit vests on the employees after completion of 5 years of service. The Gratuity liability has not been externally funded. Company makes provision of such gratuity liability in the books of account on the basis of actuarial valuation as per the Projected unit credit method.

The following tables summarise the components of net benefit expense recognized in the Statement of Profit and Loss and the unfunded status and amounts recognized in the balance sheet for the Gratuity.

	31 March 2020	31 March 2019

By order of the Board of Directors For **Manorama Industries Limited**

Sd/-**Divya**

Company Secretary Membership No. A40584

Date: September 3, 2020

Place: Raipur

Notes:

- I. The Explanatory Statement setting out the material facts pursuant to Section 102 of the Companies Act, 2013 ("Act"), in relation to the item no 3. of Special Business in the Notice which were considered unavoidable by the Directors is annexed hereto and forms part of this Notice. Also relevant details in respect of Director seeking re-appointment at the AGM, in terms of Regulations 36(3) of the SEBI Listing Regulations and Clause 1.2.5 of Secretarial Standard 2 on General Meetings are also annexed to this notice.
- II. General instructions for accessing and participating in the 15th AGM through VC/OAVM
 - 1) In view of the outbreak of the COVID-19 pandemic, social distancing norm to be followed and the continuing restriction on movement of persons at several places in the country and pursuant to General Circular Nos.14/2020, 17/2020 and 20/2020 dated 8th April 2020, 13th April 2020 and 5th May 2020, respectively, issued by the Ministry of Corporate Affairs ("MCA Circulars") and Circular No. SEBI/ HO/CFD/CMD1/CIR/P/2020/79 12th May 2020 issued by the Securities and Exchange Board of India ("SEBI Circular") and in compliance with the provisions of the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the 15th AGM of the Company is being conducted through VC/OAVM Facility, which does not require physical presence of members at a common venue.
 - 2) In accordance with the Secretarial Standard-2 on General Meeting issued by the Institute of Company Secretaries of India (ICSI) read with Guidance/Clarification dated April, 15, 2020 issued by ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company which shall be the deemed Venue of the e-AGM.
 - In terms of the MCA Circulars since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members under Section 105 of the Act will not be available for the 15th AGM. However, in pursuance

- of Section 112 and Section 113 of the Act, representatives of the Corporate Shareholders may be appointed for the purpose of voting through remote e-Voting, for participation in the 15th AGM through VC/OAVM Facility and e-Voting during the 15th AGM.
- 4) A statement setting out the material facts relating to the special business to be transacted at the Meeting pursuant to section 102(1) of the Companies Act, 2013 relating to the Special Business to be transacted at the Annual General Meeting, is annexed hereto. Additional information, pursuant to Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, in respect of Director seeking appointment/ re-appointment at the Annual General Meeting is furnished as Annexure A to the Notice. The Board of Directors have considered and decided to include item no. 3 given above as Special Business in the forthcoming AGM, as they are unavoidable in nature.
- 5) In accordance with the MCA Circulars and the SEBI Circulars, owing to the difficulties involved in dispatching of physical copies of the financial statements (including Report of Board of Directors, Auditor's report or other documents required to be attached therewith), such statements including the Notice of AGM are being sent in electronic mode to Members whose e-mail address is registered with the Company or the Depository Participant(s).
- 6) In line with the MCA Circulars and SEBI Circular, the Notice of the 15th AGM will be available on the website of the Company, on the website of BSE Limited and also on the website of NSDL.
- 7) Since the AGM will be held through VC/ OAVM Facility, the Route Map is not annexed in this notice. National Securities Depositories Limited ("NSDL") will be providing facility for voting through remote e-Voting, for participation in the 15th AGM through VC/OAVM Facility and e-Voting during the 15th AGM.
- 8) Institutional / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/ JPG Format) of its Board or governing

body Resolution/Authorization etc., authorizing its representative to attend the e-AGM through VC/OAVM on its behalf and to vote through remote e-voting or during the e-AGM. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to info@mehtamehta.com with a copy to evoting@nsdl. co.in.

- 9) The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice.
- 10) Members may note that the VC/OAVM Facility, provided by NSDL, allows participation of atleast 1,000 Members on a on a first-come-first-served basis. The large shareholders (i.e. shareholders holding 2% or more shareholding), promoters, institutional investors, directors, key managerial personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, auditors, etc. can attend the 15th AGM without any restriction on account of first-come-first-served principle.
- 11) Attendance of the members participating in the 15th AGM through VC/OVAM Facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
- 12) The Shareholders who are holding shares in dematerialised form and have not yet registered their e-mail IDs with their Depository Participant are requested to register their Email ID at the earliest, to enable the Company to use the same for serving documents to them electronically, hereafter. Shareholders holding shares in physical form may kindly provide their Email ID to the Registrar & Transfer Agent of the Company viz. Link Intime India Private Limited, by sending an e-mail at rnt.helpdesk@linkintime.co.in

Process for those Shareholders, whose Email IDs are not registered with the Company/ Depository Participants for procuring User ID and Password and registration of Email IDs for e-voting for the resolutions set out in this Notice.

- 13) In case shares are held in demat mode, please provide DPID-CLID (16 digit DPID + CLID or 16 digit beneficiary ID), Name, client master or copy of Consolidated Account statement, PAN (self-attested scanned copy of PAN card), AADHAAR (self-attested scanned copy of Aadhar Card) to RTA
- 14) In terms of the provisions of Regulation 40 of SEBI Listing Regulations and various notifications issued in that regard, requests for effecting transfer of securities (except in case of transmission or transposition of securities) shall not be processed from 1st April, 2019 unless the securities are held in the dematerialised form with the depositories. In view of the same, Shareholders are requested to take action to dematerialise the Equity Shares of the Company, promptly.
- 15) SEBI has mandated the submission of Permanent Account Number (PAN) by every participantinsecurities market. Shareholders holding shares in dematerialised form are, therefore, requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Shareholders holding shares in physical form should submit their PAN to the Company/Link Intime India Private Limited.
- 16) Shareholders are requested to intimate changes, if any, pertaining to their name, postal address, Email ID, telephone/ numbers, PAN, mandates, nominations, power of attorney, bank details (such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc.), with necessary documentary evidence, to their Depository Participants in case the shares are held by them in dematerialised form and to the Company/ Link Intime India Private Limited in case the shares are held by them in physical form.
- 17) In terms of the provisions of Section 72 of the Act, the facility for making nomination is available for the Shareholders in respect of the shares held by them. Shareholders who have not yet registered 9 their nomination are requested to register the same by submitting Form No. SH-13. Shareholders holding shares in dematerialised form are requested to submit the said details to their Depository Participant(s) and the Shareholders holding shares in physical form, are

requested to submit the said details to the Company or Link Intime India Private Limited.

- 18) Shareholders are requested to quote their Folio No. or DP ID Client ID, as the case may be, in all correspondence with the Company or the Link Intime India Private Limited.
- 19) Since the AGM will be held through Video Conferencing or Other Audio Visual Means, route map of venue of the AGM and admission slip is not attached to this Notice

III. THE INSTRUCTIONS FOR MEMBERS FOR REMOTE E-VOTING ARE AS

UNDER:-

The remote e-voting period begins on Friday 25th September 2020, at 9:00 A.M. and ends on Sunday 27th September 2020 at 5:00 P.M. The remote e-voting module shall be disabled by NSDL for voting thereafter.

How do I vote electronically using NSDL e-Voting system?

The way to vote electronically on NSDL e-Voting system consists of "Two Steps" which are mentioned below:

Step 1: Log-in to NSDL e-Voting system at https://www.evoting.nsdl.com/

Step 2: Cast your vote electronically on NSDL e-Voting system.

Details on Step 1 is mentioned below:

How to Log-in to NSDL e-Voting website?

- 1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: https://www.evoting.nsdl.com/ either on a Personal Computer or on a mobile.
- 2. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholders' section.
- 3. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at https://eservices.nsdl.com/ with your existing IDEAS login. Once you log-in to NSDL eservices after using your

log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

4. Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12****** then your user ID is IN300***12*****.
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID For example if your Beneficiary ID is 12**************** then your user ID is 12************************************
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number regis- tered with the company For example if folio num- ber is 001*** and EVEN is 101456 then user ID is 101456001***

- 5. Your password details are given below:
 - a) If you are already registered for e-Voting, then you can user your existing password to login and cast your vote.
 - b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
 - c) How to retrieve your 'initial password'?
- ii) If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
- (ii) If your email ID is not registered, please follow steps mentioned below in process for those shareholders whose email ids are not registered

- If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
 - a) Click on "Forgot User Details/ Password?"(If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl. com.
 - b) Physical User Reset Password?" (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/ folio number, your PAN, your name and your registered address.
 - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
- 7. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.
- 8. Now, you will have to click on "Login" button.
- 9. After you click on the "Login" button, Home page of e-Voting will open.

Details on Step 2 is given below:

How to cast your vote electronically on NSDL e-Voting system?

- After successful login at Step 1, you will be able to see the Home page of e-Voting. Click on e-Voting. Then, click on Active Voting Cycles.
- After click on Active Voting Cycles, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle is in active status.
- 3. Select "EVEN" of company for which you wish to cast your vote.
- 4. Now you are ready for e-Voting as the Voting page opens.
- 5. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.

- 6. Upon confirmation, the message "Vote cast successfully" will be displayed.
- 7. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
- 8. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for shareholders

- Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to info@ mehta-mehta.com with a copy marked to evoting@nsdl.co.in.
- 2. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "Forgot User Details/Password?" or "Physical User Reset Password?" option available on www. evoting.nsdl.com to reset the password.
- 3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800-222-990 or send a request to (Name of NSDL Official) at evoting@nsdl. co.in

Process for those shareholders whose email ids are not registered with the depositories for procuring user id and password and registration of e mail ids for e-voting for the resolutions set out in this notice:

- In case shares are held in physical mode please provide Folio No., Name of shareholder, scanned copy of the share certificate (front and back), PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) by email to cs@ manoramagroup.co.in
- In case shares are held in demat mode, please provide DPID-CLID (16 digit DPID + CLID or 16 digit beneficiary ID), Name, client master or copy of Consolidated Account statement,

PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) to cs@manoramagroup.co.in

Other Information:

- In case of any queries with respect to remote e-voting or e-voting at the AGM, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on Toll free no.: 1800-222-990 or can contact NSDL on evoting@nsdl.co.in Ms. Pallavi Mhatre, Manager, NSDL at pallavid@nsdl. co.in/022-24994545 or Mr. Anubhav Saxena, Assistant Manager- NSDL at AnubhavS@nsdl. co.in/022-24994835
- 2. Those persons, who have acquired shares and have become Shareholders of the Company after the dispatch of Notice of the AGM by the Company and whose names appear in the Register of Shareholders or Register of beneficial holders as on the cut off date i.e. Monday, 21st September, 2020 shall view the Notice of the 15th AGM on the Company's website or on the website of NSDL.

Such persons may obtain the login ID and password by sending a request at evoting@nsdl.co.in

However, if he/she is already registered with NSDL for remote e-voting then he/she can cast his/her vote by using existing User ID and password and by following the procedure as mentioned above or by voting at the AGM.

- 3. Voting rights of the Shareholders shall be in proportion to their shares in the paid- up equity share capital of the Company as on the cut-off date i.e. Monday, 21st September, 2020. A person who is not a Member as on the cut-off date should treat this Notice for information purposes only.
- 4. Every Client ID No./Folio No. will have one vote, irrespective of number of joint holders.

THE INSTRUCTIONS FOR MEMBERS FOR e-VOTING ON THE DAY OF THE

AGM ARE AS UNDER:-

1. The procedure for e-Voting on the day of the AGM is same as the instructions mentioned above for remote e-voting.

- Only those Members/ shareholders, who will be present in the AGM through VC/OAVM facility and have not casted their vote on the Resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through e-Voting system in the AGM.
- 3. Members who have voted through Remote e-Voting will be eligible to attend the EGM/ AGM. However, they will not be eligible to vote at the AGM.
- 4. The details of the person who may be contacted for any grievances connected with the facility for e-Voting on the day of the AGM shall be the same person mentioned for Remote e-voting.

INSTRUCTIONS FOR MEMBERS FOR ATTENDING THE AGM THROUGH

VC/OAVM ARE AS UNDER:

- Member will be provided with a facility to attend the AGM through VC/OAVM through the NSDL e-Voting system. Members may access the same at https://www.evoting.nsdl. comunder shareholders/members login by using the remote e-voting credentials. EXPLANATORY STATEMENT

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 (hereinafter referred to as the "Act"):

ITEM NO. 3

On the recommendation of the Audit Committee, the Board of Directors at their Meeting held on September 3, 2020 approved the appointment of M/s. SN & Co., Cost Accountants (Firm Registration No. 000309), as Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending 31st March 2021 at a remuneration of Rs. 75000/- p.a. plus out of pocket expenses and applicable taxes.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, as amended, the remuneration payable to the Cost Auditors is required to be ratified by the Members of the Company. Accordingly, consent of the Members is sought for passing an Ordinary Resolution as set out at Item No. 3 of the Notice of 15th AGM for ratification of remuneration payable to the Cost Auditors for the financial year ending 31st March 2021.

None of the Directors, Key Managerial Personnel and their relatives are, in any way, concerned or interested financially or otherwise, in the proposed Resolution.

The Board recommends the Ordinary Resolution as set out at Item No. 3 of the Notice of 15th AGM for approval by the Members.
